THIRD AMENDED COMPLIANCE PLAN OF MILLENNIUM 2000 INC.

This Third Amended Compliance Plan is intended to replace the Second Amended Compliance Plan that Millennium 2000 Inc. ("Millennium 2000") filed on August 1, 2012. Millennium 2000 has provided updated information with respect to its Lifeline rate plans and the customer de-enrollment process.

On April 15, 2011 Millennium 2000 filed a Petition seeking forbearance from Section 214(e)(1)(A) of the Communications Act of 1934, as amended ("Act"), and Sections 54.201 (d)(1) and 54.20l(i) of the Commission's rules, which require a common carrier designated as an eligible telecommunications carrier ("ETC") to offer services supported by the universal service fund ("USF") over its own facilities or a combination of its own facilities and the resale of another carrier's services.¹ On February 6, 2012, the FCC released an Order containing updated policies and rules concerning, in part, the provision of Lifeline only eligible telecommunications carrier ("ETC") services.² As part of that Order, the Commission granted Millennium 2000

² In the Matter of Lifeline and Link Up Reform and Modernization; Lifeline and Link Up; Federal-State Joint Board on Universal Service; Advancing Broadband Availability Through Digital Literacy Training, Report and Order and

"forbearance from the facilities requirement of section 214(e)(1)(A) of the Act and section 54.201(d)(1), (i) of the Commission's rules, subject to the conditions contained in this Order." The Commission further stated:

all three prongs of section (10)(a) are satisfied and that, as a result, the Commission will forbear from the "own-facilities" requirement contained in section 214(e)(1)(A) for carriers that are, or seek to become, Lifeline-only ETCs, subject to the following conditions: (1) the carrier must comply with certain 911 requirements, as explained below; and (2) the carrier must file, and the Bureau must approve, a compliance plan providing specific information regarding the carrier's service offerings and outlining the measures the carrier will take to implement the obligations contained in this Order as well as further safeguards against waste, fraud and abuse the Bureau may deem necessary.⁴

Millennium 2000 commits to comply with all conditions set forth in the *Lifeline and Link Up Reform and Modernization Order* related to its provision of Lifeline-only ETC services to customers throughout its service area. Millennium 2000 provides the following Third Amended Compliance Plan in order to demonstrate the measures it will take in order to comply with the conditions of the *Lifeline and Link Up Reform and Modernization Order*.

I. Millennium 2000 will provide access to 911 and E911 Services in accordance with the Commission's rules.

A. Access to 911 and E911 Services

Millennium 2000 commits to provide all customers with access to emergency calling services at the time that Lifeline service is initiated, and that such 911 and E911 access will be available from Millennium 2000 handsets, even if the account associated with the handset has no minutes remaining. Thus, such access will continue regardless of the status of the customer's account. The Company's existing practices currently provide access to 911 and E911 services to

the extent that these services have been deployed by its underlying carriers, Verizon Wireless ("Verizon") and Sprint Wireless ("Sprint"). Millennium 2000 currently enables 911 emergency calling services for all properly activated handsets regardless of whether the account associated with the handset is active, suspended or terminated. Finally, Millennium 20000 agrees to abide by any state-specific obligations to obtain either a certification from each PSAP where it plans to offer service, or a self-certification, confirming that it provides its subscribers with 911 and E911 access.⁵

B. E911 Compliant Handsets

Millennium 2000 commits to provide only E911-compliant handsets to its Lifeline customers. In the event that an existing Lifeline customer does not have an E911-compliant handset, Millennium 2000 commits to replace it with a new 911/E911-compliant handset at no charge to the customer.

II. Millennium 2000 will comply with the terms and conditions of the *Lifeline and Link Up Reform and Modernization Order* related to the Commission's grant of forbearance.

The Commission conditioned its grant of forbearance from the "own-facilities" requirement by requiring each carrier to:

submit to the Bureau for approval a compliance plan that (a) outlines the measures the carrier will take to implement the obligations contained in this Order, including but not limited to the procedures the ETC follows in enrolling a subscriber in Lifeline and submitting for reimbursement for that subscriber from the Fund, materials related to initial and ongoing certifications and sample marketing materials, as well as further safeguards against waste, fraud and abuse the Bureau may deem necessary; and (b) provides a detailed description of how the carrier offers service, the geographic areas in which it offers service, and a description of the carrier's various Lifeline service plan offerings, including subscriber rates, number of minutes included and types of plans available.⁶

A. Procedures for Enrolling a Customer in the Lifeline-Only Program

The *Lifeline and Link Up Reform and Modernization Order* confirmed that the Commission will transition to a governmental database in order to confirm the initial and continued eligibility of a lifeline customer. The Order stated:

As explained above, we conclude that establishing a fully automated means for verifying consumers' initial and ongoing Lifeline eligibility from governmental data sources would both improve the accuracy of eligibility determinations and ensure that only eligible consumers receive Lifeline benefits, and reduce burdens on consumers as well as ETCs. . . . We therefore direct the Bureau and USAC to take all necessary actions so that, as soon as possible and no later than the end of 2013, there will be an automated means to determine Lifeline eligibility for, at a minimum, the three most common programs through which consumers qualify for Lifeline.⁷

However, until the database is operational Millennium 2000 proposes to adhere to the following procedures for enrolling a customer into the lifeline program.

Millennium 2000 will implement certification procedures that enable consumers to demonstrate their eligibility for Lifeline assistance by contacting Millennium 2000 in person or via telephone, facsimile, or the internet. At the point of enrollment, consumers will be provided with printed information describing Millennium 2000's Lifeline program, including eligibility requirements, and instructions for enrolling.

Consumers will be enrolled in person or directed to a toll-free telephone number and to Millennium 2000's website, which will contain a link to information regarding the Company's Lifeline service plan, including a detailed description of the program and state-specific eligibility criteria. Millennium 2000's application form for its Lifeline service will identify that it is a "Lifeline" application. Except in states in which applicants are enrolled through a designated state agency, Millennium 2000 will have direct contact with all customers applying for Lifeline

-

⁷ Id. at ¶403.

service, either in person through its employees, agents or representatives, or via the telephone (including facsimile) or mail. Millennium 2000 will provide Lifeline-specific training to all personnel that interact with actual or prospective consumers, whether employees, agents or representatives, with respect to obtaining, changing or terminating Lifeline services.

Consumers who do not complete the application process in person must return the signed application and support documentation to the Company by mail, fax, email or other electronic transmission. The Company will accept electronic signatures that meet the requirements of the Electronic Signatures in Global and National Commerce Act, 15 USC 7001-7006, and any applicable state laws.⁸ Processing of consumers' applications, including review of all application forms and relevant documentation will be performed under Millennium 2000's supervision by managers experienced in the administration of the Lifeline program.

Millennium 2000 will ensure that all required documentation is properly handled by using state-specific compliance checklists. For states with program-based eligibility criteria, the form will list each of the qualifying programs, and the applicant will be required to identify the program(s) in which they participate, and to furnish proof that they currently participate in such program(s), regardless of whether such proof is required pursuant to state law. For states with income-based eligibility criteria, the applicant will be required to certify under penalty of perjury that their household income does not exceed the relevant threshold (e.g., 135% of the Federal Poverty Guidelines for federal default states) and will be required to provide proof of incomebased eligibility. Pursuant to the Lifeline and Link Up Reform and Modernization Order, Millennium 2000 will not retain copies of proof documentation, but rather will maintain accurate records detailing how the consumer demonstrated his or her eligibility. Millennium 2000 will

⁸ Id. at ¶168. ⁹ Id. at ¶101.

check the eligibility of low-income consumers seeking to enroll in Lifeline either by accessing electronic eligibility databases, where available, or by reviewing documentation from the consumer demonstrating his/her eligibility for Lifeline service. Where the Company is able to access a state or federal database to make determinations about customer eligibility, the Company is not required to obtain proof of documentation; in such case Millennium 2000 or its representative will note in its records what specific data was relied upon to confirm the consumer's initial eligibility for Lifeline. To the extent a state agency or third-party administrator is responsible for the initial determination of consumer eligibility, Millennium 2000 will rely on the state identification or database.

Millennium 2000's Lifeline application form will also include a certification section where the applicant must attest and sign under penalty of perjury that the applicant's representations are true and correct. Pursuant to the *Lifeline and Link Up Reform and Modernization Order* Millennium 2000's certification form will also "explain in plain, easily comprehensible language that: (1) Lifeline is a federal benefit; (2) Lifeline service is available for only one line per household; (3) a household is defined, for purposes of the Lifeline program, as any individual or group of individuals who live together at the same address and share income and expenses; and (4) a household is not permitted to receive Lifeline benefits from multiple providers". Upon enrollment, Millennium 2000 will inform consumers about the annual recertification requirement on the certification form. Applicants will also be required to initial a number of disclosure statements intended to ensure that the applicant understands applicable eligibility requirements—including a statement to the effect that to the best of his or her

¹⁰ See Id. at ¶98.

¹² See Id. at ¶121.

¹³ See Id. at ¶145.

knowledge, the applicant is not receiving Lifeline-supported service from any other Lifeline provider. Penalties for perjury will be clearly-stated on the certification form. The certification form will also contain language stating that violation of the one-per-household requirement constitutes a violation of the Commission's rules and will result in the consumer's de-enrollment from the program, and could result in criminal prosecution by the United States government.¹⁴ Depending on state-specific requirements and/or consultations with relevant state agencies, Millennium 2000 expects the substance of these disclosures to be consistent with the following statements:

By signing and initialing below, I certify under penalty of perjury that each of the statements are true and correct – (additionally, please initial each of the statements below)

1.	I certify that I meet the income-based or program based eligibility criteria for receiving Lifeline service and have provided documentation of eligibility if required (initial)
2.	I certify that I will only use this phone for my family's own use (initial)
3.	I certify I am head of the household, I am not listed as a dependent on another person's tax return (unless over the age of 60) and the address listed is my primary residence (initial)
4.	I understand that Lifeline service is a non-transferable benefit and that I may not transfer my service to any other individual, including another eligible low-income consumer (initial)
5.	I certify that I will immediately notify Millennium 2000 if I no longer qualify for Lifeline, or if I have a question as to whether I would still qualify (initial)
6.	I certify that I will cancel any existing Lifeline service with my current Lifeline provider before I enroll for Lifeline support with Millennium 2000 (initial)
7.	I will notify Millennium 2000 of any change of my address within 30 days of moving by

¹⁴ Id. at ¶121.

- 8. I agree to re-certify my eligibility to participate in the Lifeline Program at any time, and that failure to do so will result in de-enrollment and the termination of the my Lifeline benefits s.____ (initial)
- 9. I understand, and consent to the fact that my name, telephone number, and address will be provided to the Universal Service Administrative Company, the administrator of the Lifeline program, and/or its agents, for the purpose of verifying that I do not receive more than one Lifeline benefit. (initial)

Perjury and false statements are punishable by fines and/or imprisonment. Signature (required) Date.

In accordance with the Lifeline and Link Up Reform and Modernization Order, Millennium 2000 will obtain the consumer's residential address, which the consumer must indicate is his or her permanent address, and a billing address for the service (if the consumer's billing address differs from his or her residential address). ¹⁵ A consumer who lacks a permanent residential address must provide a temporary residential service address or other address identifying information that could be used to perform a check for duplicative support. For applicants that use a temporary address, Millennium 2000 will attempt to verify every 90 days that the subscriber continues to rely on that address. If the applicant does not respond to address verification attempts within 30 days, the subscriber may be de-enrolled from Lifeline service. 16 The application form will also clearly state that Lifeline participants must provide their new address to the Company within 30 days of moving. 17 Millennium 2000 will incorporate this information into its customer information database. Prior to initiating service for a customer, the Company will check the address of each Lifeline applicant against its database to determine whether or not it is associated with a customer that already receives Millennium 2000 Lifeline service, and will then review the application to ascertain whether the applicant is attempting to

¹⁵ Id. at ¶85.

¹⁶ Id. at Appendix C. ¹⁷ Id. at ¶¶85, 117.

receive Lifeline-supported service for more than one handset associated with its household. ¹⁸ If the Company determines that an individual at the applicant's residential address is currently receiving Lifeline-supported service, the Company will take an additional step to ensure that the applicant and the current subscriber are part of different households. ¹⁹ In order to make this demonstration, Millennium 2000 will require applicants to complete and submit to the Company a written document which will be developed by USAC. Millennium 2000 will deny the Lifeline application of any individual residing at the same address as a current Lifeline subscriber who is part of the same household, and will advise the applicant of the basis for the denial. Finally, prior to requesting a subsidy, Millennium 2000 will process and validate its subsidy data to prevent Duplicate Same-Month Lifeline Subsidies ("Double Dip," *i.e.*, any household that is already receiving a Lifeline subsidy from the Company will be automatically prevented from receiving a second lifeline subsidy in that same month). Millennium 2000 also will immediately de-enroll any subscriber whom the Company knows is receiving Lifeline-supported service from another ETC or knows is no longer eligible.

B. Procedures for Submitting for Reimbursement from USAC

Millennium 2000 will follow the reimbursement procedures outlined in 47 CFR 54.407, including, but not limited to: ensuring that its reimbursement amount for each Lifeline customer equals the federal support amount, including the support amounts described in §54.403(a) and (c); and certifying when it seeks reimbursement from the USAC that it has obtained a valid certification form for each consumer for whom it seeks Lifeline reimbursement.²⁰

C. Procedures for Annually Verifying Eligibility

The Lifeline and Link Up Reform and Modernization Order described the initial and annual verification procedures at paragraphs 120-148. Millennium 2000 will require every consumer enrolled in the Lifeline program to verify on an annual basis that he or she receives Lifeline-supported service only from Millennium 2000 and, to the best of his or her knowledge, no one else in the subscriber's household is receiving a Lifeline-supported service.²¹ Any customer that is found to not comply with the rules or that fails to respond to the annual recertification process will be de-enrolled.²²

Pursuant to the new rules, Millennium 2000 will re-certify the eligibility of its Lifeline subscriber base as of June 1, 2012 by the end of 2012 and report the results to USAC by January 31, 2013. Where ongoing eligibility cannot be determined through access to a qualifying database either by the Company or the state, and there is no state administrator verifying the continued eligibility of Lifeline subscribers, the Company will re-certify the continued eligibility of all of its subscribers by contacting them—either in person, in writing, by phone, by text message, by email, or otherwise through the Internet—to confirm their continued eligibility.²³ In states where a state agency or a third party has implemented a database that carriers may query to re-certify the consumer's continued eligibility, the Company (or state agency or third-party, where applicable) will instead query the database and maintain a record of what specific data was used to re-certify eligibility and the date of re-certification.²⁴ The notice will explain the actions the customer must take to retain Lifeline benefits, when Lifeline benefits may be terminated, and how to contact Millennium 2000. Millennium 2000 will provide written notice

of impending service termination to subscribers who do not respond to the annual re-certification within 30 days. Anyone who does not respond to the impending termination letter within 30 days to demonstrate that his or her Lifeline service should not be terminated will be de-enrolled from the Company's Lifeline program.²⁵

D. Sample Marketing Materials

Millennium 2000 will market to potential customers through live contact through Millennium 2000 employees and independent contractors, as well as through print and electronic media. Attached to this Third Amended Compliance Plan as Second Amended Exhibit B-1, Amended Exhibit B-2 and Exhibit B-3 are sample Millennium 2000 marketing materials. Second Amended Exhibit B-1 is a draft Lifeline Application form. Amended Exhibit B-2 is a Lifeline Brochure. Amended Exhibit B-3 contains Lifeline telephone and field marketing scripts.

E. Description of how Millennium 2000 will Provide Service.

Millennium 2000 is a non-facilities-based provider of resold Commercial Mobile Radio Service ("CMRS"). The Company will provide prepaid wireless telecommunications services to consumers nationwide by obtaining service, using Verizon and Sprint as its underlying carriers. Through Verizon and Sprint, Millennium 2000 has obtained network infrastructure and wireless transmission facilities, which allows Millennium 2000 to provide wireless services to its enduser customers. Millennium 2000 purchases wireless service from its underlying carriers for calling and text messaging and will package those services into Millennium 2000's service plans and pricing. These calling and texting services will be bundled with Millennium 2000's handset

_

²⁵ Id. at ¶¶141-43.

selection, marketing materials, web interface, and customer service to produce a complete wireless service offering for low-income consumers.

Millennium 2000's service is provided on a prepaid basis so its customers will not be subject to the credit checks, deposits, contracts, unexpected usage overages, early termination penalties or taxes and surcharges which can sometimes be barriers to service for low income consumers. The prepaid nature of Millennium 2000's service offerings will enable low income consumers, the very individuals Congress intended to benefit from the Lifeline program, to obtain convenient and affordable wireless services. Millennium 2000's prepaid wireless services will provide lower-income consumers access to emergency services and a reliable means of communication that can be used to contact potential employers or social service agencies. By marketing and expanding the availability of wireless services to consumers otherwise unable to afford them, and to those who continue to be ignored by traditional carriers, Millennium 2000 will effectively expand access to wireless services. Millennium 2000's participation in the lifeline program will also increase the number and variety of competitive service providers and service offerings, which in turn will spur innovation as carriers compete to provide the most attractive service packages to consumers. The increased competition and service offerings align with Congress's intent when it created the universal service program.

F. Geographic Area of Millennium 2000's Service Offerings

Millennium 2000 currently operates as a telecommunications carrier in Illinois and Wisconsin. In Illinois, Millennium 2000 is certificated as a local exchange and interexchange carrier as well as a provider of commercial mobile radio services ("CMRS"). Millennium 2000 was also certified as a wireline ETC in 2008. Millennium 2000 is a certified reseller of local exchange service and it provides landline Lifeline ETC services to customers. Millennium 2000

also provides resold CMRS to Illinois customers. In Wisconsin, Millennium 2000 provides resold CMRS through Verizon and Sprint, as its underlying carriers. Millennium 2000 recently received its certification as a wireless ETC and expects to begin providing Lifeline services in Wisconsin once its Compliance Plan is approved by the FCC.

Millennium 2000 will seek wireless ETC authority before several states once its Compliance Plan is approved by the FCC.

G. Millennium 2000 Lifeline Plans

Millennium 2000 currently provides wireless services to non-Lifeline customers in Illinois and Wisconsin. Millennium 2000 will offer its Lifeline service in the states where it is designated as an ETC and throughout the coverage area of its underlying carriers, Verizon and Sprint. In addition to free voice services, Millennium 2000's Lifeline plan will include a free handset and the following Custom Calling features at no charge: Caller ID, Call Waiting, and Voicemail. Millennium 2000 does not impose burdensome credit checks or long-term service contracts on its prepaid customers. Customers are not bound by a local calling area requirement; all Millennium 2000 plans come with domestic long distance at no extra per minute charge and exceptional nationwide digital coverage on the nationwide Verizon and Sprint networks. Calls to 911 emergency services are always free, regardless of service activation or availability of minutes.

For each month the consumer is eligible to receive Lifeline services, Millennium 2000 will provide Lifeline customers the option of receiving 250 free minutes without the ability to rollover unused minutes or 125 free minutes with the ability to rollover unused minutes each month for up to one year. The tables below contain Millennium 2000's current wireless rates for Non-Lifeline customers and proposed rates to Lifeline customers in Illinois and Wisconsin. In

addition to the 250 free minutes or 125 free minutes with one year rollover, Millennium 2000 will offer discounted rates to Lifeline customers for additional purchases. Current wireless plans are noted in the table below:

ILLINOIS and WISCONSIN WIRELESS PLANS

III. Additional Measures to Prevent Waste, Fraud and Abuse

A. Non-Usage Policy

As required by the Lifeline and Link Up Reform and Modernization Order, Millennium 2000 will implement a non-usage policy whereby it will de-enroll Lifeline customers that have not used the Company's Lifeline service for 60 days. 26 Millennium 2000 will notify its subscribers upon enrollment about the non-transferability of the phone service, its usage requirements, and the de-enrollment and deactivation that will result following non-usage in any 60-day period of time.²⁷ If no usage appears on a Millennium 2000 Lifeline customer's account during any continuous 60-day period, Millennium 2000 will provide the customer a notice that failure to use the Lifeline service within a 30-day period will result in de-enrollment. If the customer fails to use the Lifeline within the 30-day period Millennium 2000 will terminate Lifeline services for that customer. "An account will be considered active if during any 60-day

²⁶ Id. at ¶¶257-63. ²⁷ Id. at ¶257.

period the authorized subscriber does at least one of the following: makes a monthly payment; purchases minutes from the ETC to add to an existing pre-paid Lifeline account; completes an outbound call; answers an incoming call from anyone other than the ETC, its representative, or agent; or affirmatively responds to a direct contact from the ETC confirming that he or she wants to continue receiving the Lifeline supported service."²⁸

B. Customer Education with Respect to Duplicates

To supplement its verification and certification procedures, and to better ensure that customers understand the Lifeline service restrictions with respect to duplicates, Millennium 2000 will implement measures and procedures to prevent duplicate Lifeline benefits being awarded to the same household. These measures entail additional emphasis in written disclosures as well as live due diligence, and will help ensure that only eligible consumers enroll in the program and that those consumers are fully informed of the limitations of the program, so as to prevent duplicative or otherwise ineligible service as well as other forms of waste, fraud, and abuse.

In its marketing materials, including application forms, and in its direct contact with applicants, the Company will emphasize in plain, easily comprehensible language that: (1) Lifeline is a federal benefit; (2) Lifeline service is available for only one line per household; (3) a household is defined, for purposes of the Lifeline program, as any individual or group of individuals who live together at the same address and share income and expenses; and (4) a household is not permitted to receive Lifeline benefits from multiple providers.²⁹ Millennium 2000 will also include in its marketing materials substantially the following information in clear, easily understood language: the offering is a Lifeline-supported service; that only eligible

²⁸ Id. at ¶261. ²⁹ Id. at ¶121.

consumers may enroll in the program; what documentation is necessary for enrollment; and the program is limited to one benefit per household, consisting of either wireline or wireless service.³⁰ Moreover, Millennium 2000 will disclose the company name under which it does business and the details of its Lifeline service offerings.³¹ In order to reinforce the limitation of one Lifeline phone per household, the following statement will appear in the Company's marketing materials and website (www.millennium-2k.com) in a conspicuous place, in bold font and in an offsetting color to ensure it is not overlooked:

Note: By law, the Lifeline program is only available for one phone per household

C. Customer Education with Respect to Lifeline Program

Process for Customer Lifeline Inquiries at Millennium 2000's Office Location

Millennium 2000 personnel will meet potential Lifeline customers that walk into the Company's office location and who are addressed by trained staff that carefully explain the Commission's Lifeline program. Potential customers are asked the basis for his or her claim to Lifeline eligibility; participation in a qualifying program, or earning household income below 135% of the Federal Poverty Guidelines. Staff members will verify the customer's program, or income, based eligibility in person. Millennium 2000 provides the training materials to its office and field staff as indicated in the attached Second Amended Exhibit B1—which allows its staff to verify the most common forms of proof for each eligible program and/or income verification (based on the Commission's definition of "income" in §54.400(f)). The office staff will then ask for additional documentation proving identity, and/or address verification. The final step is for

³⁰ Id. at ¶275.
³¹ Id.

the customer to provide the required information and make the certifications required by §54.410(d)(3).

If the customer meets the initial criteria for eligibility, the employee will explain the Commission's definition of "household", defined in new rule §54.400(h), as an "economic unit" where related or unrelated people share income and expenses. In the case of multiple applicants at the same mailing address, the customer will then make the "one per household" certification required by §54.410(d)(1). Millennium 2000's will collect the necessary customer-specific information required under the rules³² in order that the Company can report the information to USAC for use in the National Lifeline Accountability Database ("duplicates database"). 33 The office staff will then cross-check the customer's information with the Company's records system to determine if the customer is eligible to receive lifeline services. Where states have customer data bases available, Millennium 2000 will query the appropriate state data base program to determine whether or not the customer is eligible for Lifeline. Millennium 2000 trained employees will also witness the completion of the eligibility documentation and sign that they have observed the documentation on the lifeline application.

Millennium 2000 will post an enlarged copy of the application in the waiting area for the customer to review prior to completing the application. If a consumer walks into the office to inquire about the Lifeline Program, Millennium 2000 will provide assistance with reviewing and completing the application in person. Once the Customer Service Representatives are available:

- 1. Millennium 2000 will ask the following questions:
 - A. "Did you read the posted Lifeline application?"
 - B. "Are there any questions that we may answer for you?"

³² §54.401(d)(2). ³³ See §54.400(i).

- C. "Do you understand all of the terms of the Lifeline Program as it is outlined on the application?
- 2. Millennium 2000 will review each section of the application with the consumer to provide assistance with completing the application.
- 3. Millennium 2000 will request that the consumer provide personal identification and qualifying documentation to show that they are eligible to receive service.
- 4. Millennium 2000 will validate the consumer's documentation.
- 5. Millennium 2000 will execute duplicate checking process to ensure that the consumer has not already received Lifeline services from Millennium 2000 and to confirm that no one in the household is a recipient of the Lifeline Program.
- 6. Upon confirming that the Applicant is eligible to receive Lifeline service, Millennium 2000 will provision and provide the handset directly to the consumer.

Process for Phone Inquiry Regarding Lifeline Program

Where a consumer calls into Millennium 2000's office to inquire about the Lifeline Program, Millennium 2000 employees will use the telephone script (See Amended Exhibit B-3) to educate the customer about the Lifeline program.

Process for Field Marketing the Lifeline Program

Millennium 2000 often works with customers in low income neighborhoods and takes steps to reach those customers who may be underserved. The process for signing up customers in the field is similar to that of signing up customers who come into Millennium 2000's office and the field trained company representative will be able to determine whether the potential customer is eligible based on program participation or income qualification. The Company representative in the field will obtain the necessary information, and witness and sign with their signature the required eligibility verification.

Millennium 2000's Field Agents will receive extensive in-house training regarding the rules and regulations of the Lifeline Program. Field Agents' performances are closely managed

and monitored by in-house staff. Millennium 2000 will use the field script (See Amended Exhibit B-3) to educate the customer about the Lifeline program.

D. Cooperation with State and Federal Regulators

Millennium 2000 has cooperated and will continue to cooperate with federal and state regulators to prevent waste, fraud and abuse, including:

- Providing state commissions, the FCC or USAC upon request with data that will enable that state, the FCC or USAC to determine whether some consumers are enrolled in more than one Lifeline program. Specifically, the Company agrees to make available state-specific customer data, including name and address, upon request to each state PUC where it operates, the FCC or USAC for the purpose of permitting the PUC, FCC or USAC to determine whether an existing Lifeline customer receives Lifeline service from another carrier, and will participate in such a duplicate resolution process, provided that costs for participation are reasonable or defrayed through the universal service contribution mechanisms;
- Promptly investigating any notification that it receives from a state PUC, the FCC or USAC that one of its customers already receives Lifeline service from another carrier;
- Immediately deactivating a customer's Lifeline service and no longer reporting that customer on USAC Form 497 if the Company's investigation, or if a state, the FCC or USAC concludes that the customer receives Lifeline services from another carrier in violation of the Commission's regulations and that the Company's Lifeline service should be discontinued such as a de-enrollment notification pursuant to the FCC's June 17, 2011 Report and Order (Section III, B.).

IV. Millennium 2000 has the technical and financial capacity to provide Lifeline-Only ETC Services.

Millennium 2000 was certified to conduct business as a reseller and facilities-based provider of local and interexchange telecommunications services in Illinois on June 27, 2007. As described above, Millennium 2000 has obtained network infrastructure and wireless transmission facilities from its underlying carriers, Verizon and Sprint. In Illinois, Millennium 2000 is currently certified as a local exchange and interexchange carrier and a resold provider of

CMRS. Additionally, Millennium 2000 is certified as a wireline ETC for Lifeline services. In

Wisconsin, Millennium 2000 is eligible to provide CMRS services and is certificated as a

wireless ETC (awaiting authorization from the FCC before it begins offering wireless ETC

services). Millennium 2000's directors have the necessary experience to provide Lifeline only

ETC services. Donna Harrison is the President of Millennium 2000. Ms. Harrison has been

managing Millennium 2000, since 2009. Ms. Harrison is a certified Project Management

Professional ("PMP®") with twenty years of experience in IT and project management, which

includes initiating, planning and executing strategic telecom initiatives. Paris Haynes is a

Director for Millennium 2000. Mr. Haynes has seven years of telecommunication experience,

including sales, marketing, advertising of landlines, wireless and satellite services.

Millennium 2000 also has the financial capacity to provide Lifeline only ETC services.

Millennium 2000 employs a diverse business strategy in which it provides prepaid wireline and

wireless services in Illinois. Millennium 2000 expects to continue to provide these services after

it receives Lifeline only ETC authority for wireless services in Illinois. As noted above,

Millennium 2000 is a certified wireline services ETC in Illinois. Additionally, Millennium 2000

expects to expand its reach over time to other states. Thus, Millennium 2000's business plan is

not dependent on any one service or service area.

Free Handset and Minutes for Eligible Consumers

Are you in need of affordable home or wireless telephone service?

Take a few minutes of your time to learn about how Millennium 2000 can help assist you with enrolling in the Lifeline program, which is a federal benefit that provides discounted monthly cellular and home telephone services to eligible low-income consumers.

To enroll in the Lifeline Program, please call us at 1-866-961-1907

Understanding the Lifeline Program

Lifeline is a federal program that helps qualified individuals pay for wireless or home telephone service. The federal rules allow you to have a Lifeline discount on one home telephone or one wireless telephone. You may not get Lifeline discounts on two telephones.

Lifeline support lowers the cost of basic, monthly local or wireless telephone service. An eligible customer may receive the Lifeline discount on either a wireline or wireless connection, but the discount is available for only one telephone connection per household. Lifeline does not apply to taxes, surcharges, and mileage charges.

LIFELINE PROGRAM RULES

Lifeline service is a federal benefit provided to eligible consumers. For the purpose of the Lifeline Program, a household is defined as any individual or group of individuals who live together at the same address and share income and expenses. A household is not permitted to receive Lifeline benefits from multiple providers. If you or anyone in your household currently has Lifeline support, you must agree to cancel any existing Lifeline service with your current Lifeline service provider before you enroll for Lifeline support with Millennium 2000. Note: By law, the Lifeline program is only available for one phone per household.

Other lifeline rules states that non-usage of a wireless handset for a consecutive 60 days will result in de-enrollment of the Lifeline program.

ELIGIBILITY REQUIREMENTS

Only individual receiving certain government assistance qualifies for the Lifeline program. Eligibility guidelines vary by state.

In general, if you participate in a public assistance program such as Food Stamps, Medicaid, Supplemental Security Income (SSI), Temporary Assistance for Needy Families (TANF), Low Income Home Energy Assistance Program (LIHEAP), National Free School Lunch, Federal Housing/Section 8 Assistance, you can qualify for the program.

If you do not receive any of these public assistance programs, you may still qualify for Lifeline support if your household gross monthly income is at or below 135% of the federal poverty guideline.

PROOF OF ELIGIBILITY

You must provide a copy of any current document that proves your participation in one of the programs selected or proof income eligibility. Acceptable documentation of income eligibility includes the prior year's state, federal, or Tribal tax return, current income statement from an employer or paycheck stub, a Social Security statement of benefits, a Veterans Administration

statement of benefits, a retirement/pension statement of benefits, an Unemployment/Workmen's Compensation statement of benefits, federal or Tribal notice letter of participation in General Assistance, or a divorce decree, child support award, or other official document containing income information. Documentation of income eligibility must cover a full year (e.g., pay stubs) or three consecutive months' worth of the same types of document within the previous twelve months. All documents must have same name and address as provided in this application. Under title 18 U.S.C. § 1621, whoever willfully states as true any material matter which he does not believe to be true in a statement under penalty of perjury, is guilty of perjury and shall, except as otherwise expressly provided by law, be fined or imprisoned not more than five years, or both.

ANNUAL CERTIFICATION AND VERIFICATION

Once you are enrolled in the Lifeline Program, after the initial year, you must verify annually that you are qualified for continued enrollment in the Lifeline Program. Furthermore, you must certify that no other person in your household is receiving Lifeline services. If you fail to re-certify your eligibility, you will be de-enrolled from the Lifeline program. This means you will no longer receive the free monthly minutes or discounted home phone or wireless services. If you should become ineligible for Lifeline enrollment, you must immediately notify Millennium 2000 that you no longer meet the eligibility requirements for enrollment by calling us at 1-866-961-1907.

Amended Exhibit B-3

LIFELINE TELEPHONE SCRIPT

Hello, my name is (your name), how are you today?

I would like to take a few minutes of your time to inform you about the Lifeline program, which provides discounted monthly cellular and home telephone services to eligible low-income consumers.

Do you receive any government assistance?

Do you have a few minutes to learn about how the Lifeline program can help you reduce the costs of your cell phone services?

Millennium 2000 offers a free cell phone with over four hours talk time to eligible Lifeline applicants. The services come with call waiting, caller id, voicemail and at no additional charge.

Don't worry if you go over you free minutes, you can purchase additional minutes at a low affordable rate if you qualify as an eligible Lifeline customer. We have rates as low as \$1 for an additional 10 minutes for Lifeline customers only.

Calls to 911 emergency services are always free, regardless of service activation or availability of minutes. This means that as long as your cell phone powers up, you will be able to call 911 if you need to.

Only individuals receiving certain government assistance qualifies for the program. Eligibility guidelines vary by state.

In general, if you participate in a public assistance program such as Food Stamps, Medicaid, Supplemental Security Income (SSI), Temporary Assistance for Needy Families (TANF), Low Income Home Energy Assistance Program (LIHEAP), National Free School Lunch, Federal Housing/Section 8 Assistance, you can qualify for the program.

If you do not receive any of these public assistance programs, you may still qualify based on total household gross monthly income.

Which government assistance program do you receive?

Lifeline is a non-transferable federal benefit that is only available to one consumer per household. This means that you may not transfer this benefit to any other person.

In addition, you and no one else in your household may receive more than one Lifeline service at your address.

If you are currently receiving Lifeline from another provider and you wish to receive your Lifeline support from Millennium 2000, you must cancel your Lifeline support with your current service provider before you enroll your Lifeline service with Millennium 2000.

Violation of one Lifeline service per household limitation constitutes a violation of the rules of the program and will result in fines, imprisonment, de-enrollment or being barred from the Lifeline program.

By filling out an application, we will start your process to confirm your eligibility for approval to receive Lifeline benefits.

This program is designed to help you, not hurt you so there is no need to worry about credit checks, deposits or down payments.

Once you are enrolled in the Lifeline Program, you will be qualified to participate for up to 1 year. If you have a change in address, you must immediately notify Millennium 2000.

To continue in the Lifeline Program, after the initial year, you must verify annually that you are qualified for continued enrollment in the Lifeline Program. You must further attest to the best of your knowledge that no other person in your household is receiving Lifeline services.

We will obtain annual certifications through a written letter, an Interactive Voice Response system, or a text message.

If you fail to re-certify your eligibility, you will be de-enrolled from the Lifeline program. This means you will no longer receive the free monthly minutes or discounted home phone or wireless services.

If you should become ineligible for Lifeline enrollment, you must immediately notify Millennium 2000 Wireless that you no longer meet the eligibility requirements for enrollment by calling 1-866-961-1907.

Are you interested in completing a Lifeline application, which will allow you to receive discounted cellular or home phone services?

To obtain an application in person, you may visit our office located at 2019 W. 95th Street in Chicago, Illinois or you may also obtain a copy of our application located on our website at www.millennium-2k.com.

If you do not have access to the internet, we will mail the application directly to you. Which method do you prefer?

Once you complete the application, you may mail it directly to Millennium 2000 or you can fax it to our office at 1-866-981-2881. You may also email the application to contactus@millennium-2k.info.

Should you submit your application to our office by fax, direct mail or email, you must attach a copy of your identification and proof of eligibility before the application is processed.

May I answer any additional questions for you at this time regarding the Lifeline Program?

Thank you for your time. If you want more information about Millennium 2000 and the Lifeline Program, visit our website at www.millennium-2k.com.

If you have any questions, please remember you can always call us at 866-961-1907.
